

Cultural Institutions & Heritage Museums

Western & Native American Heritage – Gateway East & Gateway West

The museum and cultural attraction opportunities provide the foundation for immersive storytelling experiences dedicated to the history and evolution of the area. Through interactive exhibits, art collections, rodeo history, frontier heritage, and cultural programming, these institutions can become nationally recognized attractions that educate and inspire visitors from around the world.

The experience also creates meaningful space to honor and share Native American history and recognize the vital role Indigenous communities continue to play in shaping the ever-evolving American experience and national identity.

Designed as experiential cultural anchors, the museums add depth and authenticity to the broader resort vision while reinforcing Wyoming’s identity as the symbolic home of Western heritage.
